FPV Drone Racing Rules

- The open field south of the club parking lot will be designated, set-up, maintained and approved for the exclusive use of multi-rotor, FPV racing drones only.
- Only multi-rotor FPV racing drones will be permitted to operate in the areas designated and approved for this purpose. (No fixed wing aircraft, non-racing drones or helicopters). Video drones recording or photographing events, may be operated in this area with prior approval of the event coordinator or the field manager, with strict adherence to all safety rules.
- FPV drone practice and racing will be permitted in this area subject to strict adherence to AMA, MultiGP, Jefco Aeromod'lers and Chatfield State Park rules and guidelines governing this activity.
- The field parameters, safety boundaries and general layout will be established by the Rule Committee, subject to park approval. The field parameters will strictly adhere to AMA, Jefco Aeromod'lers and MultiGP safety guidelines and recommendations.
- Designated FPV drone flying area and boundaries will be appropriately identified by signage and markers as approved by the park.
- Jefco Aeromod'lers will conspicuously post and maintain written AMA and club safety rules governing this activity, including accessible brochures, and will maintain and update as necessary.
- The FPV drone flying area will be open to use by authorized persons during the same hours currently approved for the main flying field.
- AMA, MultiGP, Jefco Aeromod'lers and Chatfield State Park safety rules will apply to all pilots and spectators.
- Every pilot must openly and visibly display their valid AMA Membership card while flying.
- It will be the responsibility of all pilots, whether visitors or members, to read and comply with all posted rules governing the safe and proper use of the FPV Drone Racing field.
- Any accidents resulting in personal injury or property damage must be reported to Jefco Aeromod'lers Safety Officer or Field Manger.
- Note: These rules may be modified or amended as necessary for the purpose of clarification or correction, to reflect changes in AMA, MultiGP, Jefco Aeromod'lers or Chatfield State Park policy or standards, or for the addition of information that may be necessary to maintain a proper and safe flying environment. Changes to these rules will be subject to approval by Chatfield State Park.
